Join in June and you will also receive a free copy of our new Ipswich River Paddling Guide and Map. This newly released 18 inch x 24 inch, double-sided map of the Ipswich River Watershed's recreational water resources provides paddlers with important trip-planning information such as access points, landmarks and distances. This new paddling guide and map makes the perfect Father's Day gift.

This map can also be used electronically on mobile devices thanks to the free Avenza pdf mobile mapping technology. Download our hi-resolution paddling map with just a tap of your finger and you will be able to quickly zoom and pan across the map and view your location on the map using the built-in GPS. Avenza pdf maps are always accessible, do not require a live network connection and no data or roaming charges apply.

Ipswich River's Web site has undergone a makeover.

"It's been several years since we've redesigned our Web site, and it's time to give it a newer and fresher look, while making important information about the river easier to find," said Wayne Castonguay, Ipswich River's Executive Director.

Visit ipswichriver.org to learn more about upcoming local rivers month events including a river clean up, paddling trip and Ipswich River Tree Walk.

The Ipswich River Watershed Association is the voice of the Ipswich River — and when people like you join us, our chorus grows louder. We work to make sure that there is enough clean, safe, reliable water for people, fish and wildlife. We connect people with the river through canoe trips, river clean ups, fish counts, volunteer river monitoring and special events. The Ipswich River is a big part of what makes this a great place to live, work and visit. Working together, we can keep the river clean and healthy. Find out more at ipswichriver.org. Thanks for joining today.

Cynthia Ingelfinger is outreach coordinator at the Ipswich River Watershed Council. Reach her at 978-412-8200, ext 10 or at ipswichriver.org

Ipswich —

June is National Rivers Month and here in the Ipswich River Watershed, we've got a lot to celebrate. The Ipswich River is widely recognized as one of the premier canoeing and kayaking destinations in New England and in order to help you get out and enjoy it we have updated our Ipswich River Paddling Guide and Map.

This rivers month, we are also unveiling our newly updated Web site and thanks to a generous supporter we have launched a membership drive that matches (doubles) each new gift.

If you've ever thought of helping the Ipswich River, now is the time. The Ipswich River Watershed Association is a nonprofit organization that depends on your membership support to protect the river and today your tax-deductible donation will make a big splash thanks to a generous supporter who will match each new membership gift. So your \$40 becomes \$80. Your \$60 becomes \$120. Your \$100 becomes \$200. The gift you make today does twice as much good.

Join in June and you will also receive a free copy of our new Ipswich River Paddling Guide
